FRESHMEN PLAYERS WILL APPEAR ON FIELD TOMORROW.

BERKELEY, Aug. 28.—The football season at the University of California will open in reality tomorrow afternoon, when the candidates for the Freshmen team have been ordered to appear on the field in suits. The men will be divided into squads according to the various positions for which they are candidates. At the head of each squad a Varsity man will be placed, and the two coaches, Simpson and Womble, will exercise a general supervision over the work of the squads. In all probability overall will take the largest part of the training, while Simpson and Head Coach Whipple of the tackles, Genodoff of the centers, Assistant Coach Womble of the ends, while Mitt and More will attend to the backs.

The practice at first will be very light, the main object being to get the men into condition for harder work, and to teach them to handle the ball without fumbling. They will be taught how to catch the ball, how to pass it, and how to fall upon it. At the same time separate instruction will be given upon the methods of playing the different positions.

The grounds are not yet in a condition to allow any kind of hard playing. Graduate Manager Decoto expects to have them in the proper shape within a week.

The Varsity men will appear upon the field on Tuesday next.

## FRUIT DECAYING AT SAN LEANDRO

GROWERS DISCOURAGED BY LOW PRICES ON PEARS.

San Leandro, Aug. 27.—The fruit situation in this district has become quite a serious matter. It is a fact that hundreds of tons of pears are rotting on the ground in the orchards about San Leandro. Growers who own large orchards state that they would rather let the fruit decay than to sell it at the prices offered. The highest offered for Bartlett pears this season is \$7 a ton, against \$32 at the amount received last season for the same fruit.

This great drop in the price of local fruit is attributed to the abundance of fruit being shipped down the river from the Sacramento valley and sold in San Francisco at a figure that the local growers could not touch. The early morning boat service recently established to Oakland also hurt the market in this district. A boat arrives in that place at an early hour in the morning, and fruit is sold at the City Wharf to wholesale fruit dealers and peddlers. All this fruit comes from the Sacramento valley and its sale in Oakland cuts out a certain line of trade which at one time came from this district. As it is, considerable fruit is sent to San Francisco instead of to Oakland, as in the past.

Fruit growers of this section declare that the situation is worse than it has been for many years and that the loss to fruit men this season will be immense.

R. PAULKS GETS JUDGMENT.

Judge Larue of East Oakland recently decided that J. R. Paulks, the Elmhurst contractor, was entitled to \$29 and costs for work which he alleged he performed for Colonel Hastings of this place. The judgment was rendered in the county court of Alameda county.

WILL IMPROVE ROAD.

Bids have been called for the improvement of the San Lorenzo road from the city limits of this place to the Robinson road. The estimated cost of the improvement is \$10,000. The improvement comes at an opportune time, as the road needs repairing before the rainy season opens.

FOUND HIS HORSE.

J. Schmauch has lately received word that his horse, which was lost during a recent camping trip in the Santa Cruz Mountains, had been found. The horse was a very valuable animal and Schmauch had given up hope of ever recovering it. The animal had been found by a farmer residing near San Jose. It had traveled nearly thirty miles from camp.

WILL BUILD NEW HOUSE.

A fine new residence will shortly be completed at the corner of B and Second streets. It will be the property of Henry Hauschildt, the popular jeweler of this place and when completed will be one of Haywards' handsomest homes. Plans for the building were drawn by Architect Henry Schmidt of San Francisco.

He has been working on the proposition for some time and has stated that he is confident of success. THOMAS CARROLL INJURED.

Thomas Carroll, the champion hammer thrower and heavy eight athlete met with an accident yesterday, while learning to ride a bicycle.

Owing to his great weight, Carroll naturally fell very heavily and when he finally extricated himself from his badly dismounted bicycle it was discovered that his arm was badly wrenched. One hand severely cut and a deep incision had been inflicted above his left knee. His wounds were dressed by Warren's drug store and the "Brooklyn Giant" declares he will not make another attempt to ride a wheel.

# U. P. E. C. DANCE AT HAYWARDS.

ASHLAND COUNCIL TO GIVE THIRD ANNUAL BALL.

HAYWARDS, Aug. 28.—Ashland Council, U. P. E. C., is making preparations for its third annual ball which will be given at the Native Sons' Hall on the evening of September 6th. The first two events given by Ashland Council met with great success, drawing large crowds, not only from Ashland and Haywards, but from surrounding towns. The U. P. E. C. is the most popular Portuguese fraternal organization in California, and an affair given by any of the councils of that order calls for a general turning out of all neighboring councils.

The hall will be tastefully decorated for the occasion by a special committee, while other committees are arranging the features of the event. The Portuguese residents of this district are greatly interested in the ball and there is every indication that it will be the most successful affair ever given under the auspices of Ashland Council.

FRANK PEDRO ARRESTED.

Frank Pedro, a Portuguese resident of Oakland, was arrested here yesterday and charged with being drunk and disturbing the peace. When arrested Pedro was working a new game about town. He had entered a restaurant, and after eating a hearty meal he walked out without paying. After that he visited a number of saloons and at each place he obtained a drink and refused to pay. The night watchman was informed, and by the time he located Pedro, the latter was badly intoxicated. When taken before Judge Prosser he pleaded guilty to the charge and was sentenced to 18 days in the county jail upon default of paying a \$14 fine.

WILL ASSIST AT FAIR.

The residents of San Lorenzo are greatly interested in the Native Sons' Fair, which will take place here next month, and are preparing to boost the affair in their town. A committee consisting of Postmaster Schleuter, Harry Smyth, Harry Kinsell, Frank Rose and Barry Burns has organized to boom the fair and work with the Native Sons' Committee.

DIAS PROPERTY AT ELMHURST MAY BE PURCHASED BY A. L. STONE.

ELMHURST, Aug. 28.—On the 1st of October of this year, the lease held by A. L. Stone, on what is known as the Dias property in this place, will expire. If the property is not purchased by Stone before the expiration of the lease, the buildings now covering the property will either have to be removed or they will revert to the owner of the property. Whether or not Stone will purchase the property, on which he has an option at \$50,000, is a matter of speculation about town. The buildings on this property include, principally the Willows Hotel, a building containing six or eight store rooms, with some twenty or thirty rooms on the upper floor. Should the buildings be moved by Stone to a piece of property owned by him and located below Willow street, the appearance of the town will be greatly changed, and what is now regarded as the center of town would be thrown further toward Fitchburg.

It is also rumored that the Realty Syndicate will acquire the property. Should that be the case, the company might make other large purchases here and later reduce the car fare from Oakland to five cents and in that manner boom the town.

So far nothing definite has been announced as to what arrangements will be made. There now remains but forty days before the lease expires and a settlement will have to be reached before long.

Dis is stated that if the property is not purchased, the buildings will then run his fence close to the electric line. Such action on his part would greatly mar the appearance of the town and it is generally hoped about town that Stone will make the purchase.

# Why Do You Submit to a Daily Life of Suffering?

Paine's Celery Compound CURES

Summer Dyspepsia, Indigestion, and Stomach Troubles.

The tortures and evils of summer dyspepsia and indigestion are experienced by thousands at this time. The dyspeptic's train of evils may be enumerated as follows: feelings of dizziness, languor, nervousness, sleeplessness, headache, distention of the stomach, loss of flesh, difficult breathing, and the action of the heart is seriously affected.

All forms of dyspepsia are quickly banished by the use of Paine's Celery Compound. The use of this marvelous medicine allays the inflammation of the nerves centered about the stomach, it restores the digestive power, and promotes bodily strength and activity.

It gives me great pleasure to testify to the merits of Paine's Celery Compound. I can candidly and honestly say it is the best medicine in the world. Two years ago I was seized with indigestion and nervousness, and was so rundown that I could hardly walk with the help of a cane. I used two bottles of Paine's Celery Compound and got better almost from the first dose, and have had no use for medicine since. I was completely cured.

THE REPUBLICAN TICKET.

Upon a strong platform the Republicans of California have nominated an exceptionally strong ticket. In character and general fitness the nominees will stand favorable comparison with the most unexceptionable nominations ever made in this State. Indeed, taken as a whole, perhaps a better ticket has never named by any party in California.

Of the head of the ticket it is unnecessary to speak at this time. Dr. Pardee has heretofore received such universal encomiums as to leave his fitness unquestioned in any quarter. But a majority of the nominees are men who have served the State with fidelity and credit. Secretary of State Curry, Controller Colman, Treasurer Reeves and Superintendent of Schools Kirk represent the best elements of Republican citizenship. They are clean, capable men. Every one has been tried and not found wanting.

The renomination of Chief Justice Beatty will meet with the hearty approval of all who desire to maintain the purity and independence of the bench. Judge Beatty's reputation is absolutely above reproach, both as a citizen and a jurist. His judgment is clear and strong, his learning profound and his principles high. His character and judicial record are alike free from blemish. The people repose implicit confidence in his rectitude and firmness, a fact that inspires respect for law and cheerful obedience to the decrees of the courts.

The nominees for Associate Justices are new to the appellate tribunal, but they are both men of high character who have seen long service on the Superior bench, each having served more than one term. Judge Shaw hails from Los Angeles, where he holds an honored place in the esteem and confidence of the public. Judge Angelotti of Marin county has gained an enviable reputation for learning, uprightness and firmness. There will be some natural regret that so excellent a jurist as Judge Harrison was not renominated, but Judges Shaw and Angelotti will be found worthy successors to him.

Alden Anderson, the nominee for Lieutenant-Governor, made an admirable record in the Legislature, having once been Speaker. He belongs to the younger element, and is a clean, capable man.

Victor Woods for Surveyor General, W. W. Shannon for State Printer, and Frank C. Jordan for Clerk of the Supreme Court, are all good men, thoroughly competent for the positions to which they have been nominated. In addition, the Congressional and district nominees are strong and able men, popular in their respective localities.

With such a ticket, the Republicans of California can enter the campaign confident of success, and assured therefore that the State will be given an efficient, honest and high-minded administration that will strengthen the party in future campaigns.

FRANK JORDAN'S NOMINATION.

The nomination of Frank C. Jordan for Clerk of the Supreme Court was a deserved recognition of the most energetic and thorough personal campaign ever made in this State for a subordinate place on the State ticket. While Mr. Jordan remained faithfully loyal to his home candidate for Governor, he made his canvass entirely independent of all other candidates. He assailed no other aspirant, made no combinations and refrained from all efforts to make a state. He did not attempt to deal with leaders or bosses, but made his fight direct with the delegates. He personally interviewed a large majority of them, and to one and all he plainly stated his position. He was the adherent of no faction, and represented no interest but his own. The delegates showed their appreciation of the trust reposed in their good will and personal independence by refusing to be programmed against him. If there ever was a nomination fairly won without trades, combinations or deals which so often turn the tide of fortune in conventions, it was Jordan's. It was a fine tribute to personal popularity and hard work. The same original methods that gave him the nomination will elect him by a large majority. He already has a host of friends throughout the State who will see to it no voter forgets Jordan on election day.

ENEMIES OF SOCIETY.

A number of dairymen have been arrested in San Francisco and fined for adulterating milk. Some of them only used chalk and water for adulteration purposes, but others used formaline, a poisonous compound very injurious to the tissues and membranes of the stomach. Perhaps the dairymen who used this stuff were ignorant of its true character, but their intent was none the less dishonest. They were practicing a fraud, and in gratifying their greed for illegitimate profits paid no attention to the injury they might inflict on the health of their patrons. The users of chalk and water merely practiced a harmless swindle.

The adulteration of milk is one of the most common frauds practiced, and yet it is fraught with the greatest dangers to the public health. There is no article of food more generally used than milk, nor one more easily so contaminated as to be injurious to health. Because it so readily absorbs and propagates disease germs, the sale of milk should be rigidly regulated. Persons who adulterate and medicate milk

should be severely punished, not alone for practicing fraud, but for doing that which is akin to scattering abroad the seeds of disease.

Food adulteration has become a great evil in the United States. It is practiced on an extensive scale by reputable firms under guises that render detection difficult. The poor suffer most from this dangerous form of fraud, for their necessities impel them to buy the cheaper articles of food. It follows that the man who adulterates food not only robs the poor, but passes off on them compounds pregnant with disease and death. Only recently the health authorities of Philadelphia discovered that a large quantity of so-called Hamburg steak sold in that city was a filthy compound of ground bones, refuse meat and sawdust, colored and flavored to resemble fresh ground beef. This repulsive stuff is manufactured in Boston, and shipped in large quantities to other cities. The manufacturers did not dare to put it on the market in Boston for fear the local health authorities would break up their criminal industry.

To the trade this filthy compound was known as "humburg steak," a name as euphemistic as descriptive. It was sold so cheaply and extensively in the Philadelphia markets that the local butchers instituted an investigation which revealed its true character and the source of its production. The man who would engage in such an infamous business as this is a public enemy, a scoundrel so vile that the ordinary thief shines by comparison. Yet the Boston persons engaged in the nefarious industry were respectable members of society, and laughed at the character of their business as a good joke. Such wretches deserve to be whipped through the world for committing a crime against humanity.

The Alameda delegation brings home the tail of the ticket with the head. That is the result of fighting for your own people instead of fighting against them.

GOVERNOR GAGE'S VALEDICTORY.

In the hour of his defeat Governor Gage showed a manliness and fortitude that will bring him sympathy and added respect. His speech to the Convention after the nomination of Dr. Pardee was a manly and cheerful acceptance of results, without humility or bitterness. He let no word of protest or indignation against the storm of aspersion to which he has been subjected escape him, but gave his thanks to the friends and supporters who had loyally stood by him in the hour of trial with a dignity and earnestness that made even his enemies respect him. He did not defend himself or join to the attacks made upon him, but gracefully bowed to the will of the Convention and pledged his loyal support to Dr. Pardee and the ticket he heads. There was something fine and magnanimous in this that appeals to the minds and hearts of all men not wholly blinded by resentments and disappointments. It is safe to say that Governor Gage left the Convention with more friends than when he entered it hoping to be re-nominated. If he has been denied the honor he coveted more as a vindication than a reward, he showed his enemies how a brave man could take defeat with rare fortitude and a noble resignation.

MINED A FORTUNE BUT DIES POOR.

Albert Lackey, the trusted superintendent of Flood, Mackay, O'Brien and Fair, when the Comstock Mines were in their palmiest days, died a poor man although he dug from the ground a score of millions.

The deceased's will was filed for probate yesterday afternoon. It bequeaths the entire estate, which consists of the family home on Thirty-Fourth street, valued at \$3,000 to the widow.

The will states the mother will provide for the five children.

The decedent was a Mason of high degree. He was the past grand master of the Nevada order.

Probably there is nothing so painful to a stingy man as another man's wealth.

BEASLEY GETS THE FRANCHISE

ALL THE TELEPHONE FRANCHISE BIDDERS DROP OUT EXCEPT TWO.

The City Council last night granted a franchise to W. F. Beasley, who claims to represent Eastern capital, to operate an independent telephone system in the city of Oakland. He bid \$1575 for the privilege and deposited a certified check for that sum with the City Clerk.

A communication was received from H. C. Stilwell, stating that his attorney had advised him that the proceedings of the City Council in awarding him a telephone franchise for \$20,000 were illegal. He therefore withdrew his application.

Communications were also received from George C. Sergeant, who bid \$5,000 for the same privilege; F. Jacobus, who bid \$10,000, and F. W. Ely, who bid \$2,000, withdrawing their bids on account of the alleged illegality of the Council's action.

Beasley, after the franchise had been awarded to him, stated that he represented Chicago capitalists who were ready to put up a sufficient sum to install a complete plant at once.

The corporation for the installation of the new telephone system has not yet incorporated, but according to Beasley this step will be taken within the next few days.

The vote on granting the franchise was as follows:

Ayes—Bishop, Boyer, Cadman, Wilcox, Wallace, Schaffer—5.

Nays—Jordan, Courtney—2.

Absent—Ruch, Fitzgerald, Cavellier—3.

The acceptance of Beasley's bid rejects all others.

He is not prepared to say when the work of actual construction will begin.

STANDING ROOM AT DEWEY THEATER.

Such a demand has been made this week for seats to see Melbourne MacDowell and Miss Florence Stone in "Cleopatra" that the Dewey Theatre management has not been able to give the crowds even standing room and many people have been turned away. The play is so well staged and the two stars are so popular that there has been a great rush to see the performance. "Cleopatra" is being put on in superb fashion and nothing is being slurred.

## CRAZED BY LOVE HE SHOT TO KILL.

**P. E. Barker Shoots Mrs.  
Franklin Moss and Then  
Kills Himself.**

Maddened because he had been rejected by the woman he loved, P. E. Barker, a San Francisco plumber, who resides at No. 6 Eddy street, last night about 9:30 o'clock shot Mrs. Franklin Moss in the left breast. He then turned the revolver on himself and sent a bullet through his heart, dying almost instantly.

Mrs. Moss resides in room 58 of the Player building, and it was at that place the tragedy occurred.

Mrs. Moss is the widow of the late Franklin Moss, a well-known capitalist, who died about seven years ago at Elmhurst. She is a woman of more than ordinary beauty and 35 years of age.

About two years ago Barker met the woman who he attempted to kill last night. He fell madly in love with her and since that time has called regularly at her home.

At frequent intervals he would propose, and each time he was rejected. Mrs. Moss informing him that she did not care enough for him to become his wife, and that she had no intention of marrying.

On several occasions Barker told the woman he could not live without her and threatened to kill both her and himself if she did not marry him.

The woman was urged by her friends to have the man put under restraint, but she dreaded the notoriety connected with such a proceeding.

As usual Barker called at the rooms of Mrs. Moss last night and together they went to dinner, after which Barker again renewed his request that she become his wife.

He said that he could not live without her.

On receiving a negative reply the maddened lover whipped out a revolver and placed it against the woman's breast, but before he could pull the trigger, she struck his hand up and to that fact she undoubtedly owes her life.

Instead of penetrating directly into the breast, the bullet struck a rib, glanced to the left shoulder where it took a downward course and lodged beneath the shoulder, from which place it was removed in less than fifteen minutes after the shooting.

Thinking she was dying Mrs. Moss ran into the hall for assistance.

Running to the front part of the house she attempted to reach the charge of Mrs. R. C. Averill, who has charge of the building and with whom the injured woman was well acquainted.

Just as she reached the rooms of Mrs. Averill, she was met by Dr. M. L. Johnson and Dr. E. M. Patterson, who have offices in the building, and was taken in their charge at once, and in less than fifteen minutes the bullet had been safely removed, and the doctors said that she will recover.

Mrs. Moss is a woman of great vitality and during the entire affair she preserved her presence of mind. During the process of probing for the bullet, she talked freely to the surgeons of the tragedy, which had resulted in the death of her would-be lover and came so near ending fatally for herself.

She said that Barker had proposed to her nearly twice a week and that she had done everything in her power to discourage him.

She had even acted rudely and in an unbecoming manner in the hope of disgusting him with her but to no avail. The man swore he could not live without her and kept his oath.

"When I refused him the last time, he became very sullen and before I was

aware that he intended shooting me, he was in front of me leveling a revolver at my breast."

Two shots were fired at the woman, only one taking effect.

When Barker saw that he had shot the woman, and supposing it was fatal, he turned the gun on himself and fired.

After firing the fatal shot the man staggered out of the room and fell into the arms of Policeman Sill, who had heard the first shots while on his beat on Telegraph avenue.

Running quickly into the building he had arrived in time to catch the dying man.

Barker was laid out on the floor where he gasped his last, never uttering a word after firing the last shot.

The shooting was done with a .32 caliber revolver, which was found with only two chambers filled, which proved as the woman had said, that three shots had been fired.

The left hand of the injured woman is powdered, showing that she threw it to her breast in an effort to ward off the bullets. Perhaps few women in Alameda county are better known than Mrs. Franklin Moss. As Mrs. Moss is a woman of more than ordinary beauty and 35 years of age, and the owner of the Moss tract near San Leandro. In 1894 the late husband died. There were no children but the estate was the subject of much litigation. Finally the widow was awarded all. For several years she has rented the fine country place near San Leandro and has lived in Oakland.

Mrs. R. C. Averill, landlady of the house in which Mrs. Moss had her apartment, says that Barker called there very frequently. She claims the man was repeatedly repulsed by Mrs. Moss, who is a beautiful woman and has had many suitors.

Barker had for the past two and one-half years been residing in the St. Ann's building at 6 Eddy street, where he occupied room 114, on the fifth floor. He was employed as a foreman at an iron foundry on Mission street, near Third, and made good wages. Of late he had been in the habit of going across the bay every Saturday evening, presumably to visit the woman whom he shot. He is said by occupants of the house where he lived to be a man of quiet habits and a refined nature, and was about 50 years of age.

## PLAYS SCHEDULED FOR THE MAGDONOUGH

ROBERT FITZSIMMONS AND  
HENRY MILLER WILL BE  
AT LOCAL THEATER.

Next Saturday and Sunday nights Robert Fitzsimmons, the world-famous heavy weight pugilist, will appear with his wife and Edward Jr. in "The Honest Blacksmith" at the Magdonough. He will be supported by a strong organization under the management of Messrs. Bolosco & Tread, and the production will be complete as to scenery and equipment. The play was originally written for Mr. Fitzsimmons and is written around incidents which actually occurred during his long pugilist career. The clever lighter appeared in San Francisco at the Central Theater last week, and over 2500 people thronged to see him. It is the popular verdict that Robert Fitzsimmons is not only a great pugilist but an actor of more than ordinary ability. It is known to all that years ago he played the trade of a blacksmith, and to show that he has not forgotten any of the tricks he makes a horseshoe and shows a horse in view of the audience in the snuffly scene. One of the more interesting features of the performance is his wonderful bag punching exhibition, which he always concludes by catching the bag from its fastenings with one of his terrific blows.

HENRY MILLER, who with at the Magdonough Theater next Monday night, when he will be playing "The Only Way." On Tuesday evening he will produce "Heart-ease." Seats are now on sale.

## GOVERNOR GAGE ADDRESSES THE STATE CONVENTION.

**CHIEF EXECUTIVE MAKES A TEMPERATE  
SPEECH AND IS CHEERED  
BY THE DELEGATES.**

Governor Gage last evening accepted the invitation to address the Republican State Convention. He said:

Mr. Chairman, Ladies and Gentlemen: I thank you for the friendly greeting that you have just extended, not to me personally, but to the great Republican party of this State, of which at this moment I happen to be the leader.

I desire further to express to the entire Convention my everlasting gratitude for the indorsement which you gave the administration yesterday; and to my friends, to the delegates of this Convention who have so loyally supported me throughout this combat, I express undying love. (Applause.)

I am for the ticket which you have nominated. (Applause.) It shall have my ardent and enthusiastic support, and as loyally given as its nominees accorded to me in the great campaign of 1898. (Renewed applause.)

We can go to the people of this State claiming and demanding victory upon the record of the Republican administration. You have had an absolutely fearless, an absolutely honest government. You in 1898 by your platform promised the people of this State economy, and today you present to the people the lowest tax rate ever known in the history of the great State of California, which we all adore (Applause.) notwithstanding the fact that every church within the State has been

freed from taxation under this administration.

It is unnecessary for me to undertake in the brief space allotted to me, in detail, show you the grand acts of your Republican officers during the last few years, since they were inducted into official places in 1899. It is sufficient for me to say generally, that all of the State concerns of California are in fine condition, and that the affairs of this State are being honestly and well managed. (Applause.)

I fully realize, ladies and gentlemen, after this prolonged session you do not care to hear from me or from anybody else an elaborate speech, but I may round it up in this way: All of us Republicans are for this ticket. (Prolonged applause.)

Mr. Chairman and fellow Republicans let us close up our ranks and prepare for the contest before us to perpetuate the grand policy which has been committed to the Republican party of this State by that martyred President, William McKinley, sustained by that brave, fearless, noble, honest President, Theodore Roosevelt. (Applause.) Theodore Roosevelt, the enemy, I say, of unlawful capitalistic combination, and one of the champions of honest toil. (Applause.)

I thank you, Mr. Chairman, and I thank you, ladies and gentlemen. (Applause and cheers.)

## QUEENS OBJECT TO A KING.

**CANDIDATES FOR QUEEN OF  
WATER SAY THEY WILL NOT  
REIGN WITH KING.**

ALAMEDA, August 28.—There is great consternation among the candidates for queen of the Alameda water carnival and the cause of all the trouble is the proposition of having a king. The candidates for queen, are all young ladies and unmarried who object most emphatically to being queen to a king whom they do not know. They have joined forces and informed Chairman Delaney of the General Committee that unless the king is given the double cross by noon today, they will all withdraw from the contest. This announcement has caused a great stir, and to save the day, and the queen, Mr. Delaney this morning made a flying trip about town calling in all ballots for king.

The young women do not understand the situation and it is thought that when the matter has been explained to them, they will offer no further objection.

It was not the intention of the committee to have the king rule with the queen but rather to have him represent Neptune, the ruler of the canal.

As sea king he would lead in the big aquatic parade, and be the chief figure in all the water festivities.

On the other hand, will preside over the land celebration.

**GENERAL COMMITTEE OF WATER  
CARNIVAL MEETS IN ENCINAL.**

ALAMEDA, August 28.—A meeting of the General Committee of the Alameda Water Carnival was held last night and reports were received from the various sub-committees.

It was reported that \$1956.50 had been subscribed towards the festival. A check from the Oakland Transit Company for \$100 was received and also one for \$50 from the Atlantic, Gulf and Pacific Drilling and Pumping Company.

Two band stands will be erected, one at either end of the promenade, which will be on Harrison avenue between Park street and Fruitvale avenue. A grand stand for the invited guests will be erected between the band stands.

The evening of the carnival an immense bomb will be fired. The bomb will be fired from a mortar to a height of 300 feet and will explode with such force as to be heard in Sacramento, and will announce that the evening's program has commenced.

Arrangements were also made for the midway, which will be one of the big features of the festival.

The committee will meet in regular session next Wednesday night, but it is probable that a special meeting will be called before that time.
